

BIOBASED RAILROAD LUBRICANTS

Safe for your railroad - Safe for the environment

PRODUCT STRENGTHS

- Premium quality biobased switch lubricants, biobased hydraulic oils and biobased top of rail lubricants, exceeding any others on the market today with superior lubricity resulting in less friction which means less heat and less wear.
- Meets the U.S. Environmental Protection Agency's (EPA) "Environmental Preferable Purchasing (EPP)" criteria and is a U.S. Department of Agriculture (USDA) "BioPreferred™" product and is "Biobased Labeled".
- Manufactured in the USA from renewable USA-grown crop based oils and a lithium-based thickener; supports the US farmer and US small business
- Higher Viscosity Index. Its base oils are 2x higher (over 200) than petroleum-base oils (95), providing more stable viscosity at different temperatures and a wider range of operation.
- Outperforms many synthetics but is less expensive.
- Due to their polarity, biobased molecules bond and adhere to metal surfaces better than petroleum based oils and greases.
- Higher flash point than mineral greases for increased safety.
- Contains no heavy metals, no chlorine and no harsh odors; safer for both your workers and the environment versus petroleum-based greases and oils.

BIOBASED RAILROAD LUBRICANTS

Safe for your railroad - Safe for the environment

2015-2016 PRODUCTS

Railmark's biobased railroad **UNIVERSAL SWITCH LUBRICANT** is recommended for year around use in most climates due to the higher viscosity index properties found in our biobased lubricants. For more frigid and northern climates, Railmark offers a biobased **FRIGID CLIMATE SWITCH LUBRICANT** temperatures remain below -18 degrees C (0 degrees F) for extended periods of time.

Railmark offers Biobased Hydraulic Oils (ISO 22 to ISO 68) and Biobased Universal Tractor Transmission Fluid (ISO 46) for use in maintenance of way and other equipment.

Railmark and its technology partner are developing a new line of Biobased "Top of Rail" and Biobased "Solid Stick" Lubrication products available later in 2015.

Freight Charges: Freight charges are pre-pay and add using lowest cost method. Shipping and freight is **FREE** on all orders over \$1,500.00.

- **Railmark Universal Switch Lubricant**
Available in 5 Gallon Plastic Pails (#12030); 55 Gallon Metal Drums (#12031) and 275 Gallon Plastic Totes (#12032)
- **Railmark Frigid Climate Switch Lubricant**
Available in 5 Gallon Plastic Pails (#12040); 55 Gallon Metal Drums (#12041) and 275 Gallon Plastic Totes (#12042)
- **Biobased Hydraulic Oils (ISO 22 to ISO 68)**
Available in 5 Gallon Plastic Pails (#12050); 55 Gallon Metal Drums (#12051)
- **Pumps & Applicators are also available**
- **Contact us about our new line of Biobased "Top of Rail" Lubricants**
